Dear Cheryl:

Thank you for taking the time from your busy schedule to participate in the heroin roundtable discussion on April 23rd. I greatly appreciate hearing from those who are wrestling with this growing problem on a day-to-day basis. Your input is valuable as I look for ways that the U.S. Senate and the federal government can be helpful.

Thank you for everything that you do to keep our state and its citizens safe and healthy.

*Thank you,
Cheryl.*

Sincerely,
