

United States Senate

May 17, 2018

Dear Farnum Center,

I regret that I cannot be there with you in person today, but I congratulate you on being named as one of Business NH Magazine's 2018 Businesses of the Year.

As all of you know, the substance misuse crisis is the most urgent public health and safety challenge facing our state, impacting people from all walks of life. This is an epidemic that requires an all-hands-on-deck approach for each of us to work together every single day on a comprehensive strategy to combat this crisis and help save lives. The Farnum Center is an important leader in those efforts.

Congratulations again on being named as a 2018 Business of the Year, and thank you for your unyielding commitment to tackling the substance misuse crisis. By continuing to work together, we can stem – and ultimately reverse – the tide of this devastating epidemic.

With every good wish,

Margaret Wood Hassan
United States Senator
